

Certificate of Membership

Saved by the Child Restraint Club

Presented to
A New Member

You were involved in a serious traffic crash on 01/02/2003 while traveling in Anytown. An investigation found you escaped serious injury or possibly even death because you were secured in your child restraint. You are being presented with this certificate because your caregiver recognized the importance of protecting you, and you are a living testimony to the fact that child restraints save lives.

Congratulations and welcome to the Club !

Tom DiLello Director, Division of Traffic Safety,
Illinois Department of Transportation

Donald McNamara Regional Administrator, Great Lakes Region,
National Highway Traffic Safety Administration
