## INTRODUCTION

The National Highway Traffic Safety Administration is responsible for reducing vehicle-related fatalities and injuries on our Nation's highways. This digest reports the status of State laws that are concerned with impaired driving offenses and alcoholic beverage control. It is extensively footnoted and contains comprehensive information on critical impaired driving laws for all 50 States, the District of Columbia, and Puerto Rico.

It is designed to be an easily accessible reference to all States' current laws on alcohol and other issues of impaired driving. The digest contains a selection of the most important laws pertaining to impaired driving for each State, compiled in a consistent format to make research simpler. Each State entry includes: Basis for a DWI Offense; Chemical Breath Tests for Alcohol Concentration; Adjudication of Driving While Intoxicated (DWI) charges; Sanctions; Administrative Licensing Actions; Ignition Interlock; Sobriety Checkpoints; DWI Offenses and Commercial Motor Vehicles; Other Criminal Actions Related to DWI; Minimum Age Alcohol Laws, Dram Shop Laws and Related Actions, and others.

## DEFINITIONS

### Administrative Per Se Law:

This allows a State's driver licensing agency to suspend or revoke a driver's license based on a specific blood alcohol concentration (BAC) or on some other criteria related to alcohol or drug use and driving. Such action is completely independent of any licensing action related to a driver's conviction for an impaired driving offense. These laws usually cover both resident and nonresident drivers. However, for nonresident drivers, the action would be limited to denying driving privileges in the sanctioning State.

### Commercial Motor Vehicle:

For impaired driving offense purposes, most States define a "commercial motor vehicle" (CMV) as one that (1) has a gross vehicle weight  $\geq$  26,001 pounds; (2) is designed to transport 16 or more people including the driver; or (3) transports hazardous materials.

### Dram Shop Laws:

Statutory or case law that provides that a person who serves alcoholic beverages to an intoxicated individual may be liable for the damages caused by such individual. In some States, a server may also be liable for injuries sustained by the intoxicated individual.

### DWI, DUI, and Impaired Driving Offense:

These are generally "non-legal" terms that refer to any criminal action related to driving a motor vehicle while "illegal per se" or while either impaired by, under the influence of, or intoxicated by alcohol or other drugs.

### Happy Hour Laws:

For the purposes of this digest, this is a statute or regulation that prohibits the sale of alcoholic beverages below the price per quantity normally charged for such beverages.

### Vehicular Homicide:

"Vehicular homicide" is the unlawful and unintentional death caused by a person while violating laws related to motor vehicle operation.

### Illegal Per Se Law:

A State law that makes it a criminal offense to operate a motor vehicle: (1) at or above a specified alcohol concentration in the blood, breath, or urine; or (2) with any amount of a drug, usually a controlled (illegal) substance, in the body.

### Implied Consent Law:

This type of law provides that a person gives implied consent to submit to a test for either an alcohol or drug content in his/her body if he/she is arrested or otherwise detained for a DWI of-

fense. If the person refuses to submit to such a test, the law usually provides that his/her driving privileges will be either suspended or revoked. The results obtained from such a test are usually admissible into evidence at a DWI trial.

#### Intoxicating Liquor:

A number of State laws provide that it is illegal to operate a vehicle while under the influence of "intoxicating liquor" (instead of under the influence of alcohol). However, the term "intoxicating liquor" is not defined in many of the State motor vehicle codes that provide for this type of impaired driving offense. Nevertheless, such terms usually refer to all types of alcoholic beverages (i.e., beer, wine, and distilled spirits). See the definitions of "alcoholic liquor," "intoxicating liquor," and "liquor" in Black's Law Dictionary, Sixth Edition, West Publishing Company.

#### Mandatory Sanctions:

A "mandatory sanction" means either a criminal sanction (e.g., jail, fine, or community service) or an administrative licensing action (e.g., license suspension or revocation) must be imposed by either a court or an administrative agency. That is, statutory law specifically requires that such sanction be imposed.

#### Preliminary Breath Test.

A "preliminary breath test" (PBT) refers to a breath test given by a law enforcement officer to a suspected impaired driver prior to an arrest for an impaired driving offense. The results of this test are used along with other evidence by the officer to determine if there is "probable cause" to arrest the driver for such an offense. Usually, the results of a PBT cannot be admitted into evidence.

#### Pre-Sentence Investigation Law:

As used in this publication, this term means a law that provides that a person who has been convicted of an impaired driving offense undergo an evaluation to determine if he/she has either an alcohol or drug abuse problem prior to sentencing.

#### Presumption:

The term "presumption" under "Basis for a DWI Charge" refers to a specific alcohol concentration in a driver's blood, breath, or urine at or above which it may be presumed that he/she was driving in violation of the "Standard DWI Offense."

#### Off-Highway Vehicles:

Not reported in this digest are State laws that prohibit the operation of non-highway vehicles (e.g., snowmobiles, all-terrain vehicles (ATVs), or other off-road vehicles (ORVs) either while under the influence of alcohol or drugs or at or above a specific blood alcohol concentration.

#### Sanctions:

Unless otherwise stated, the sanctions are the same for all alcohol and drugged driving offenses (e.g., driving while under the influence of either alcohol or drugs, illegal *per se*, et al.).

The sanctions listed in the digest for criminal offenses are those that would normally apply to adult offenders. However, it should be noted that for juvenile offenders (those under 18 years old), the law may limit a court's ability to assign such punishment. Such offenders also may be subject to other sanctions for a violation of criminal laws that may not be listed in this digest.

Nevertheless, this digest does report the sanctions (criminal or administrative) related to State laws that have special provisions that make it illegal for a young person (e.g., a person under 21 years old) to operate a motor vehicle either (1) at or above a specific alcohol concentration, which is below the level used to determine adult intoxication; or (2) with any measurable amount of alcohol or drugs in his/her body. However, the digest does not generally report the sanctions (criminal or administrative) associated with State laws that prohibit a person who is under the legal drinking age from consuming alcoholic beverages. Please note that the sanctions for fines listed in this digest do not include court costs.

## OVERVIEW NARRATIVE OF KEY PROVISIONS OF STATE IMPAIRED DRIVING LAWS

State statutes or regulations that are concerned with impaired driving violations, i.e., DWI or DUI, typically include several major components: the basis for an offense; requirements for chemical breath tests for alcohol concentration; the adjudication of charges; sanctions; administrative licensing actions (applied pre- and post-conviction); and other criminal actions related to DWI. Details for each State's statutes or regulations pertaining to each of these components are provided in the State-by-State analysis of this document.

### THE BASIS FOR A DWI CHARGE

The basis of a charge for driving while intoxicated for each State is established, by statute, to be the level of blood or breath alcohol content at or above which a person is presumed to be under the influence of alcohol. BAC, measured in grams per deciliter (g/dL), is widely considered to be the most accurate measurement of alcohol concentration in a person's blood, and as such, the most reliable measure of alcohol impairment. As of 2005, all States, the District of Columbia, and Puerto Rico have enacted *illegal per se* laws, making it illegal to operate a motor vehicle when the person's BAC is at or above .08 g/dL, the quantity of alcohol in the blood. The basis for a DWI charge in each State also sets forth the conditions under which a person is *presumed* to be under the influence of alcohol; also set at or above .08 g/dL in all States. Lastly, the statutes in many States also provide for a determination of DUI when a person is found to have been under the influence of substances other than alcohol, e.g., any illegal or controlled substance which impairs one's mental and/or physical faculties.

Several States have statutes establishing a lower BAC level for DWI for certain groups of individuals. For example, school bus drivers, day care vehicle operators, and people under the age of 21 in Alabama are presumed to be under the influence of alcohol if found to have a BAC at or above .02 g/dL.

### SANCTIONS FOR FIRST and REPEAT OFFENDERS

Forty-one States and DC have *administrative license revocation* laws, which provide for the administrative suspension of a driver's license, prior to conviction for DWI. The driver's license is suspended by the States' licensing agency prior to being convicted for DWI when the driver's BAC test result is found to be at or above .08 g/dL, or the driver refuses to submit to chemical testing. For those States with ALR laws, first-time DWI offenders are subject to an administrative license suspension ranging from 7 days in Virginia to 1 year in Georgia.

First-time DWI offenders, upon conviction, are often subject to additional licensing sanctions (suspension or revocation), jail time, and/or fines, and can receive other sanctions such as community service, vehicle impoundment, alcohol education and treatment, etc., independent of the administrative license suspension or revocation that occurs prior to conviction. Information on the minimum sanctions that may be imposed upon first-time DWI offenders, upon conviction, in each State, is provided in the Key Provisions of State Impaired Driving Laws Summary Tables included in this document.

Under 23 Code of Federal Regulations (CFR) § 1275, States are required to enact and enforce laws establishing minimum sanctions for repeat DWI offenders, to avoid the transfer of Federal-aid highway funds. A repeat offender is defined in 23 CFR § 1275 (Repeat Intoxicated Driver Laws) as "...a person who has been convicted of DWI or DUI more than once in any five-year period." To avoid the penalty of the transfer of Federal-aid highway funds, States must enact and enforce laws providing the following as sanctions for second or subsequent DWI offenders: a minimum license suspension of 1 year; the impoundment, immobilization, or installation of an ignition interlock on a driver's motor vehicle; an alcohol assessment and treatment as appropriate; and not less than 5 days of impr-

sonment or 30 days of community service. Information on the sanctions that may be imposed in each State upon convicted repeat DWI offenders is provided in the Key Provisions of State Impaired Driving Laws Summary Tables, included in this document. Please also refer to the State-by-State analysis portion of this document for the entire range of specific sanctions for all DWI offenders in individual States.

## **HIGH-BAC OFFENDERS**

A number of States have laws establishing enhanced sanctions for those DWI offenders considered to be high-BAC offenders, including increased jail time, longer suspension periods, use of ignition interlocks, higher levels of fines, etc. High-BAC offenders are defined by the States, with levels ranging from BACs of .15 or greater, to .20 or greater. Offenders with high BACs are at greater risk than other impaired drivers of being involved in alcohol-impaired-driving fatal crashes. Specific information on enhanced sanctions for high-BAC offenders in each State is provided in the Key Provisions of State Impaired Driving Laws Summary Tables and the State-by-State analysis portion of this document.

## **SOBRIETY CHECKPOINTS**

Sobriety checkpoints are used in many States as part of a comprehensive law enforcement approach aimed at reducing impaired driving, by increasing the public's perception of being apprehended in violation of DWI laws. Sobriety checkpoints provide law enforcement officers with an opportunity to identify and assess drivers for the possibility of alcohol impairment at one or more established points on a roadway. Moreover, they are designed to be highly visible, with the intention of creating general deterrence for the public, so that drivers are deterred from driving impaired. Vehicle checkpoint campaigns are often highly publicized prior to being used. Vehicles are stopped during a sobriety checkpoint using a random pattern, such as every fourth or fifth vehicle. If law enforcement has reason to believe that the driver has been drinking, the driver is given Standardized Field

Sobriety Testing, followed by chemical testing to determine whether the driver is impaired by alcohol and/or other drugs. While many States do not have statutes specifically pertaining to the use of sobriety checkpoints, most permit their use. Please refer to Key Provisions of State Impaired Driving Laws Summary Tables and to the State-by-State analysis portion of this document for details on the case law governing the use of sobriety checkpoints in specific States.

## **IGNITION INTERLOCKS**

Under certain conditions, DWI offenders in 49 States and the District of Columbia may be required to equip their vehicles with ignition interlock devices. When an ignition interlock is installed on a vehicle, the driver breathes into the device, and it analyzes the driver's breath and renders the vehicle inoperable if the breath sample indicates that the driver has been drinking. The installation of an ignition interlock device is mandatory upon conviction for DWI in some States and discretionary in other States. For the purposes of this document, a State's ignition interlock statute is characterized as "permissive" if it provides for the installation of an ignition interlock as an *option* in DWI sentencing, either in lieu of, or in addition to other sanctions (jail, fines, community service) or "mandatory" if the installation of an ignition interlock device is required for DWI offenders. Please refer to the State-by-State analysis of this document for details regarding the ignition interlock laws for each individual State.

## **SOCIAL HOST VIOLATIONS**

Social host laws are those State laws assigning criminal or civil responsibility for providing alcohol to those persons obviously intoxicated and in so doing, endangering their lives and/or the lives of others or providing alcohol to those under the legal drinking age of 21 and, in so doing, endangering the welfare of minor(s). While the definition of a social host and the laws governing them vary from State to State, many States have laws establishing enhanced sanctions for violating social host laws, particularly in cases where those to whom the alcohol was served are subsequently involved in motor vehicle crashes resulting in fatality or injury. Please refer to Key Provisions of Impaired Driving Laws Summary Tables and the State-by-State analysis of this document for details regarding such legislation in each individual State.

## **OTHER CRIMINAL ACTIONS RELATED TO DWI**

Most States also have laws defining other specific criminal actions related to DWI under certain circumstances or conditions. Actions such as vehicular homicide; driving while one's license is suspended for DWI; and operating a commer-

cial motor vehicle while under the influence are among those considered to be criminal actions related to DWI. Drivers found to be in violation of laws pertaining to other criminal actions related to DWI are often subject to enhanced sanctions, including, but not limited to: license revocation, jail time, vehicle forfeiture, and more. Details regarding the specific actions considered to be criminal related to DWI and the sanctions associated with these actions are provided in the State-by-State analysis of this document.

**Summary Chart Notes:**

<sup>a</sup> Key provisions of state statutes or regulations concerned with impaired driving violations, e.g., driving while intoxicated (DWI, also referred to as driving under the influence [DUI]). Provisions of local laws are NOT reported.

<sup>b</sup> Impaired driving offenses are “non-legal” terms that refer to any criminal action related to driving a motor vehicle either while illegal per se or while impaired by, under the influence of or intoxicated by alcohol or other drugs.

<sup>c</sup> All 50 States, the District of Columbia, and Puerto Rico have “illegal per se” laws defining driving with a blood alcohol concentration at or above .08 g/dL as a crime.

<sup>d</sup> Laws in most States provide for mandatory minimum jail terms and fines. Laws in 43 States and DC also include community service as a sanction. Restitution is also used as a sanction in 47 States and DC. Several States also assess fees, mandate alcohol/drug therapy, place offenders on probation, or require training as additional sanctions. Please refer to the State-by-State analysis portion of this document for details regarding the specific sanctions used in individual States.

<sup>e</sup> A repeat offender is defined in 23 CFR Part 1275-Repeat Intoxicated Driver Laws as “...a person who has been convicted of DWI or DUI more than once in any five-year period.” Please refer to the State-by-State analysis portion of this document for details regarding the specific sanctions used in individual States.

<sup>f</sup> Laws in a number of States provide for enhanced sanctions for those drivers found to have had a high BAC, i.e., a BAC test result at or above an amount (e.g., .15, .16, .20 or greater) as specified in the State’s statute at the time of arrest. The sanctions listed may be imposed in addition to jail time and fines, where not specifically stated. Please refer to the State-by-State portion of this document for details.

<sup>g</sup> Under a State’s administrative license revocation (ALR) statute, a driver’s license can be suspended or revoked, prior to conviction, if the driver is found to have a BAC level of .08 or greater (administrative per se) or refuses to submit to chemical testing for DWI.

<sup>h</sup> Forty-one (41) States and the District of Columbia have administrative per se laws, which allow the driver’s license to be suspended or revoked, prior to conviction, if the driver fails a BAC test or refuses to take a BAC test.

<sup>7</sup> Or, 15 days revocation plus 120 days ignition interlock.

<sup>8</sup> In Wisconsin, the fines, jail time, and forfeitures are doubled, tripled, or quadrupled depending upon the offender’s BAC level. Please refer to the Wisconsin portion of this document for detailed information.

<sup>i</sup> Please refer to the State-by-State portion of this document for detailed information on other sanctions in individual States.

<sup>j</sup> Although most States do not currently have specific statutes that establish “high-BAC,” many States do have statutes providing for graduated levels of sanctions when DWI offenders are found to have BAC levels above .08, such as at .15, .16, .20 or greater. In these cases, an inference has been made as to what is considered as a “high-BAC” level for each individual State, which is shown here. Please refer to the State-by-State analysis portion of this document for details regarding the level of sanctions used in individual States for “high-BAC” offenders.

<sup>10</sup> Longer terms of ignition interlock as a penalty are applied in Arizona under certain conditions. Please refer to the detailed information for Arizona in the State-by-State analysis of this document.

**Summary Chart Notes:**

<sup>a</sup> Key provisions of State statutes, regulations, or laws concerned with impaired driving, i.e., driving while intoxicated (DWI) and/or driving under the influence (DUI). Provisions of local laws are NOT reported. Please refer to the State-by-State analysis of this document for details regarding the laws for each individual State.

<sup>b</sup> All 50 States and the District of Columbia have laws (illegal per se) making it a crime to operate a motor vehicle with a blood alcohol content (BAC) at or above .08.

<sup>13</sup> Please refer to the Utah portion of this document for the specific conditions under which the installation of an ignition interlock device is mandatory or permissive and the time period.

<sup>14</sup> Please refer to the Virginia portion of this document for the specific conditions under which the installation of an ignition interlock device is mandatory (for offenders with BAC  $\geq$  .15) or permissive and the time period.

<sup>15</sup> Please refer to the Washington portion of this document for the specific conditions under which the installation of an ignition interlock is mandatory or permissive.

<sup>16</sup> Please refer to the West Virginia portion of this document for the specific conditions under which 1<sup>st</sup> offenders are subject to the installation of an ignition interlock and for the time period.

<sup>17</sup> Please refer to the Wisconsin portion of this document for the specific sanctions for 2<sup>nd</sup> and subsequent offenses.

<sup>c</sup> Sobriety checkpoints are used as a law enforcement strategy aimed at deterring impaired driving (DWI or DUI) by increasing the public's perception of being caught in violation of State impaired driving laws. For the purposes of this Table, "Permitted" indicates that the State either has statutory authority for the use of checkpoints and/or the use of checkpoints has been upheld in court under the Federal and/or State Constitution. "Prohibited" indicates that the State does not have a statute providing authority for the use of checkpoints and/or does not allow State and local law enforcement to use them.

<sup>d</sup> Under certain conditions of DWI/DUI offenders' convictions in 47 States and the District of Columbia, their vehicles may be equipped with an ignition interlock device as a penalty. The driver breathes into the ignition interlock device, which analyzes the driver's breath and renders the vehicle inoperable if the breath sample indicates that the driver has been drinking.

<sup>e</sup> Social Host laws are those State laws assigning criminal or civil responsibility for providing alcohol to those under the legal drinking age of 21 and in so doing endangers the welfare of minor(s). The definitions of social hosts and the laws governing them vary from State to State. Please refer to the State-by-State analysis of this document for details regarding such legislation in each individual State.

<sup>f</sup> The term "permissive" is used to describe a State's statute that provides for the use of an ignition interlock as an option in DWI sentencing, either in lieu of, or in addition to other sanctions (jail, fines, community service). "Mandatory" is used to describe a State's statute that mandates the use of an ignition interlock for DWI offenders.

However, the law defines this as grams of alcohol per 100 cubic centimeters of blood or grams of alcohol per 210 liters of breath. AL ST § 32-5A-194(a)(5). This definition, therefore, establishes illegal per se based on breath.

CA VEH § 13353.3(b)(2).

<sup>108</sup> Under CA VEH § 13353.7(d), the 1-year mandatory suspension remains in effect only so long as such suspension is required for subsequent violations per 23 USC 408; 410.

Licensing Action:		
Type of Licensing Action (Susp/Rev):	<b>Suspension or Revocation</b>  <b>Postponement of Licensing Action:</b> If an offender is sentenced to serve 1 year in the county jail or more than 1 year in prison, the court may postpone the imposition of either a suspension or revocation until the offender is released from incarceration. CA VEH § 23665.	
Term of Withdrawal (Days, Months, Years, etc.): <sup>112</sup>	<u>Non-Injury DWI Offense</u> (with no previous DWI offenses) – <b>Suspension - 6 months.</b> CA VEH 13352(a)(1); CA VEH § 23536. <u>Non-Injury DWI Offense</u> (with one previous DWI offense) – <b>Suspension - 2 years.</b> CA VEH § 13352(a)(3); CA VEH § 23540. <u>Non-Injury DWI Offense</u> (with two previous DWI offenses) – <b>Revocation - 3 years.</b> <sup>113</sup> 13352(a)(5); CA VEH § 23546(a).	

<sup>109</sup> If a person is “acquitted” of DWI charges associated with the admin. per se violation, the admin. per se suspension is cancelled and the driver’s license is reinstated. CA VEH § 13353.2(e). But “dismissal” of DWI charges is not the same as “acquittal” of such charges and will not result in license reinstatement. See *Gikas v. Zolin*, 863 P.2d 745 (Cal. 1993).

<sup>110</sup> Admin. per se suspensions and DWI suspensions/revocations are to run concurrently. The total period of license suspension/revocation shall not exceed the longer of the two periods. CA VEH § 13353.3(c).

<sup>111</sup> Administrative suspensions are “independent” of licensing actions taken via convictions for DWI offenses. e.g., a mandatory suspension of 1 year for a second admin. per se violation will apply notwithstanding a court order allowing restricted driving privileges for a second DWI (non-injury) offense conviction. *Robertson v. Dept. of Motor Vehicles*, 9 Cal.Rptr.2d 319.

<sup>112</sup> If a person is involved in an accident and has a BAC  $\geq .08$  and has been convicted of a DWI-related vehicle homicide (within 5 years), the license shall be either suspended or revoked as follows: (1) If the accident does not result in a DWI conviction (either injury or non-injury) – suspension for 1 year (mandatory); and (2) if the accident results in a DWI conviction (either injury or non-injury) – revocation for 3 years (mandatory). This revocation period is concurrent with any other DWI imposed restriction, suspension or revocation if this is a first DWI conviction or a second conviction within 5 years. This revocation period is cumulative with any other DWI imposed restrictions, suspension or revocation, if there have been two or more previous DWI convictions within 5 years. CA VEH § 13954.

There are two provisions of the California Vehicle Code that provide for special licensing sanctions against minors who violate the DWI laws. **I.** Under CA VEH § 13352.3, a person who is < 18 years old and who is convicted of an alcohol driving offense is subject to a license revocation until 18 for 1 year, or per CA VEH § 13352 whichever period is longer. **II.** Under CA VEH § 13202.5, a person who is  $\geq 13$  but < 21 years old and who is convicted of a DWI (alcohol or drugs) offense or of a vehicle manslaughter offense is subject to a license suspension for one year. However, such person may be eligible for restricted driving privileges based on “a showing of a critical need to drive” (CA VEH § 13202.5(c)).

<sup>113</sup> A license cannot be reinstated unless the defendant has completed either an 18-or 30-month alcohol treatment program. CA VEH

<sup>115</sup> Restricted driving privileges may be granted after a defendant enrolls in or completes an alcohol rehabilitation program. This does not apply if they were operating certain types of heavy trucks or buses at the time of the offense. As an alternative, the defendant may be granted a restricted license after a 12-month suspension if enrolled in an alcohol treatment program and have an **ignition interlock** device installed on the vehicles. CA VEH § 13352(a)(3); CA VEH § 23542(b); CA HEALTH § 11837.

<sup>116</sup> However, in lieu of the more traditional alcohol and drug education and treatment programs, an offender, again as a condition of probation, may be allowed to participate in a special “live-in alternative.” This alternative focuses on substance abuse users and requires them to live full time at a special facility. CA PENAL § 8001.

<sup>117</sup> First offenders who have been placed on probation and at the time of the offense had a BAC ≥ .20 or refused to submit to a chemical test must be placed in an alcohol education/counseling program for at least 6 months. CA HEALTH § 11837(c)(2). The same holds true for those who plead guilty or nolo contendere to a reckless driving charge in lieu of DWI. CA VEH § 23103.5.

The vehicle may be released to the legal owner upon the payment of towing and storage charges. CA VEH §	

<sup>118</sup> Under this impoundment/forfeiture law, no vehicle may be impounded or forfeited if another person has a community property interest in the vehicle and if it is the sole vehicle available to the defendant's immediate family. CA VEH § 23594; CA VEH § 23596. Additionally, it appears that CA VEH § 23594 concerns DWI offenses only. Whereas, CA VEH § 23592 lists DWI offenses along with other types of offenses that would trigger impoundment.

<p>Administrative Per Se Law:</p>	<p><b>Yes ≥ .08 BAC/BrAC</b> FL ST § 316.193; FL ST § 322.2615(1)(a).  <u>A violation</u> – <b>Suspension 6 months</b> (30 days mand). A restricted hardship license may be issued after this mandatory period.  <u>A violation</u> where there have been two or more DWI offenses – <b>Suspension 1 year</b><sup>219</sup> (mand).                      FL ST § 316.193; FL ST § 322.2615(1)(a), (1)(b), (8)(b), (10); FL ST § 322.271(2)(a).</p> <p><b>Persons Under 21 Years Old – ≥ .02 BAC/BrAC:</b>  <u>First violation</u> – <b>Suspension 6 months</b> (30 days mand);  <u>Subsequent violations</u> – <b>suspension 1 year</b> (30 days mand).                      If BAC/BrAC is ≥ .05, the suspension remains in effect until the driver completes a substance abuse course.                      FL ST § 322.2616(1)(a), (2), (9), (11).</p> <p>Under FL ST § 322.27; FL ST § 322.28(1), a person’s license may be suspended for not more than 1 year if driver has “committed” an offense that usually requires license revocation (e.g., DWI). Such action may be taken <u>without</u> a preliminary hearing and <u>could</u> occur prior to a conviction.</p>	
<p><u>Post DWI Conviction:</u></p>		
<p>Licensing Action:</p>		
<p>Type of Licensing Action (Susp/Rev):</p>	<p><b>Revocation</b><sup>220,221</sup>                      FL ST § 322.28.</p>	
<p>Term of Withdrawal (Days, Months, Years, etc.):</p>	<p><u>First conviction</u> – Not less than <b>180 days</b> or more than <b>1 year</b>;  <u>Second conviction</u> (within 5 years) – <b>Not less than 5 years</b>;  <u>Third conviction</u> (within 10 years) – <b>Not less than 10 years</b>;  <u>Fourth conviction</u> – <b>Permanently</b>.                      FL ST § 322.28(2)(a), (e).</p>	

<sup>219</sup> The “actual” suspension period appears to be only 11 months. The law provides that a person be issued a 30-day temporary license at the time of arrest. However, since the law also provides that the suspension “commences” at the time of arrest or issuance of the notice, “whichever is later” the person may only be denied driving privileges for 11 months. FL ST § 322.2615(b). Unlike the mandatory suspension associated with an admin. per se violation where there has not been a prior drunk-driving offense, the law does not provide that the mandatory suspension period start after the expiration of the 30-day temporary license.

<sup>220</sup> Under FL ST § 316.655(2), a court can suspend/revoke a driver’s license in addition to any other sanction which may be authorized, for a violation of any law regarding motor vehicles. In considering whether to exercise this privilege, the court considers the “totality of the circumstances,” the need to protect the motoring public and the severity of the offense committed.

<sup>221</sup> This revocation applies to both non-injury and injury-related DWI offense convictions. FL ST § 322.28(2).

	Revocation is permanent if there is an alcohol offense in connection with a vehicle manslaughter/homicide offense. FL ST § 322.26; FL ST § 322.28(2)(e).	
Mandatory Minimum Term of Withdrawal:	<u>First offense</u> – <b>180 days</b> ; <u>Second offense</u> (within 5 years) – <b>12 months</b> , <sup>222,223</sup> <u>Third offense</u> (within 10 years) – <b>24 months</b> ; <u>Fourth offense</u> – <b>5 years</b> . FL ST § 322.271(2)(b); FL ST § 322.28.

FL ST § 316.1933(2)(a)1.

<sup>232</sup> It is unlawful for a minor to “misrepresent” his/her age in order to obtain alcoholic beverages. FL ST § 562.11(2).

<sup>233</sup> This law limits liability to damages caused by selling or furnishing alcoholic beverages to persons under the legal drinking or by knowingly serving alcoholic beverages to persons who are habitually addicted to alcohol. *Peoples Restaurant v. Sabo*, 591 So.2d 907 (Fla. 1991). **Note:** Regarding injuries caused by a minor, the injured party must prove that alcoholic beverages were “willfully and unlawfully” served to the minor by the licensee. For injuries caused by a habitual drunkard, the injured party must prove that alcoholic beverages were only “knowingly” served by the licensee. Also, service on multiple drinks on one occasion is not sufficient to establish that a patron was a habitual drunkard. However, serving multiple drinks on numerous occasions is circumstantial evidence of such behavior. *Ellis v. N.G.N. of Tampa*, 586 So.2d 1042 (Fla. 1991); *Fleuridor v. Surf Cafe*, 775 So.2d 411 (Fla.App.4 Dist. 2001). Additionally, liability does not apply in situations where injury causing habitual drunkards are sold alcoholic beverages in closed containers. Liability only occurs if such persons are served alcoholic beverages for consumption on the premises. *Persen v. Southland Corp.*, 656 So.2d 453 (Fla. 1995).

<sup>234</sup> A licensee may be held liable for the actions of an intoxicated minor to whom he/she has not sold alcoholic beverages. Such is the case if an underage person is allowed to purchase alcoholic beverages where the licensee is “on notice” that the purchaser will give such beverages to another minor who could become intoxicated and cause injury to a third party, i.e., the licensee is considered to have sold or furnished alcoholic beverages to both minors. *O’Neale v. Hershoff*, 634 So.2d 644 (Fla.App.3 Dist. 1994).

<sup>235</sup> **I.** A patron who is a known “habitual drunkard” can hold a licensee liable, under the dram shop law, for injures he sustains as a result of becoming intoxicated at the licensee’s establishment. *Ellis v. N.G.N. of Tampa*, 586 So.2d 1042 (Fla. 1991). **II.** Under the dram shop law, a licensee may be liable for the injuries or death (including suicide) of an intoxicated minor patron. *Kirkman Road Sports Pub and Restaurant, Inc. v. Dempsey*, 723 So.2d 384 (Fla.App.5 Dist. 1998).

<sup>239</sup> Except as noted, the sanctions for this offense are the same as for any other drunk-driving offense.

<sup>240</sup> The courts have held that GA ST § 40-6-391 establishes one offense namely that of “driving under the influence.” Subsection (a)(l), the standard DWI offense, and subsequent section (a)(5), the .08 illegal per se offense, represent two different methods of proving this “one” offense. *Kuptz v. <u>DWI Offenses and Commercial Motor Vehicles (CMV)/Commercial Driver's Licenses (CDL):</u>	<p>A person is “disqualified” from operating a CMV for 1 mandatory year (3 years if transporting hazardous materials) if, while driving a CMV, that person: (1) has a BAC/BrAC/UrAC ≥ .04; (2) is under the influence of alcohol or a controlled substance; or (3) has refused to submit to a chemical test for either alcohol or drugs. For a subsequent violation or a combination of two or more violations of any of the above-listed items, the “disqualification” is for life (10 years mand).</p> <p>A person who operates a CMV with a BAC/BrAC ≥ .04 but ≤ .08 is subject to a fine of not less than \$20 and not more than \$50. <sup>348</sup> The difference between the two manslaughter statutes lies within their degrees of culpability.
